Geographical Exceptions

China

Originators may be replaced. Originators will be overwritten with 7022311212 on China Unicom and 555501938220 on China Mobile regardless of which originator is submitted. Delivery receipts are not guaranteed.

Egypt

Alphanumeric originators are not supported to Vodafone Egypt. Delivery receipts are not guaranteed on Vodafone Egypt and Mobinil.

France

Due to operator home filtering, bulk messages to SFR and Orange France will only work reliably on Direct France. Traffic on other products may be filtered by the operator. In those cases delivery receipts are not reliable.

India

Alphanumeric originators are not supported to Reliance Telecom Ltd.

Indonesia

Telkomsel is employing content filtering and sending is not recommended without testing. Delivery receipts are not reliable.

Italy

Messages containing premium numbers (899xxxxxx, 894xxxxxx, 895xxxxxx, 892xxxxxx ,166xxxxxx etc.) might be blocked by the operators.

Kuwait

Zain (MTCnet) network is filtering alphanumeric sender ID's, local sender ID's and shortcodes. Please use numeric sender ID's (non-local numbers) for traffic to this network.

Malaysia

Maxis and Celcom are employing content filtering and sending not recommended without testing. Delivery receipts are not reliable. Only the standard GSM character set is supported to Maxis. Please avoid using characters that fall outside this to prevent errors.

Morocco

Bulk messages with alphanumeric originators to Maroc Telecom may be filtered by the operator.

New Zealand

Due to operator home filtering, bulk messages with shortcode originators not available to Telecom NZ. The CDMA network of Telecom New Zealand is not reachable.

Norway

Due to filtering only MSISDN originators will work reliably to Telenor.

Portugal

Alphanumeric and shortcode originators are not supported to Vodafone prepay users.

Poland

Alphanumeric and shortcode originators are not supported P4 Play are filtering MT traffic with alphanumeric and short code as an originator.

Russia & Kazhakstan

Alphanumeric originators are not supported to Kcell.

South Africa

Alphanumeric originators are not supported to Vodacom.

South Korea

Alphanumeric originators are not supported.

Sweden

Spring Mobile subscribers are only covered when roaming in Tele2's network.

Taiwan

Due to operator home filtering bulk messages with alphanumeric originators to Chunghwa Telecom may be filtered by the operator.

UK Fixed Line SMS

Due to technical service restrictions, numeric (MSISDN) originators need to be used. In addition, messages must not be sent between the hours of 22:00 and 08:00. This prevents disturbance if the message is delivered as a text-to-voice call.
